

Lesson Sequence

1. Understand that seeds grow into plants

2. Identify the basic parts of a plant and tree

3. Understand that different plants can grow in the same environment

4. Know the difference between deciduous and evergreen trees

5. Know that fruit and vegetables are varieties of plants

6. Record the growth of a plant

wildflower
flowers that are not planted by a person

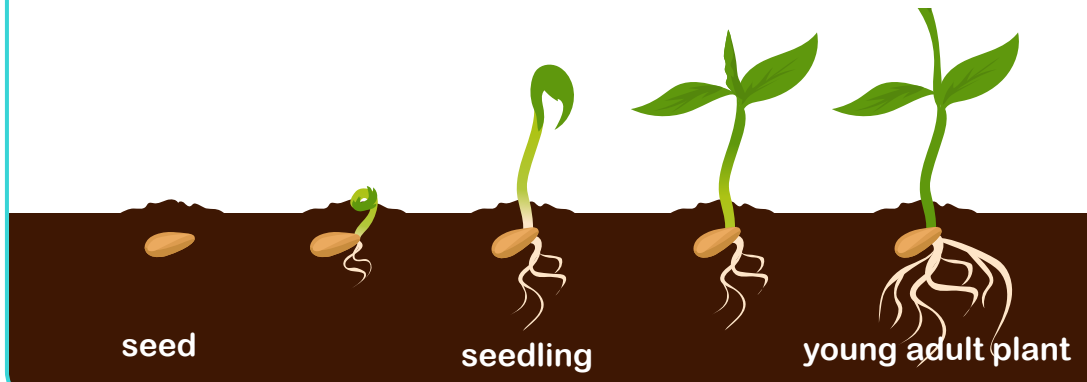

deciduous
trees that drop their leaves every year

evergreen
trees that keep their leaves all year round

Seeds grow into larger plants such as flowers, bushes and trees.
